Anurag Kumar Verma

Frontend Developer

Sudama Nagar, Indore, Madhya Pradesh, 452010 +91 8989755513 anuragkumar26696@gmail.com https://www.linkedin.com/in/anura g-kumar-verma-39a704189/

SUMMARY

Experienced Front-End Developer with 3+ years of hands-on experience working with Angular, JavaScript, HTML, CSS, and related technologies. Adept at designing, developing, and deploying high-quality web applications that deliver excellent user experiences. Proven ability to work collaboratively in cross-functional teams and drive technical excellence.

EXPERIENCE

Spundan, Indore — Frontend Developer

NOVEMBER 2021 - PRESENT

Role: Front-End Developer, Angular Specialist

- Spearheaded the development of web applications using Angular to enhance the user experience for clients, ensuring fast, responsive, and scalable web solutions.
- Collaborated with product managers, designers, and back-end developers to define software requirements and deliver high-quality, functional products within the specified timeline and budget.
- Actively participated in code reviews, offering insights into improving code quality and ensuring adherence to best practices.
- Working closely with backend developers to integrate front-end components with server-side logic, ensuring seamless functionality of web applications.
- Employed RxJS, TypeScript, and SCSS for optimal performance and scalability in the applications.
- Contributed to **unit testing** using Jasmine and Karma to ensure reliable and maintainable code.
- Participated in regular Agile sprint planning and daily stand-ups to track progress and prioritize tasks efficiently.
- Collaborated closely with the UX/UI team to implement visually appealing and highly interactive components using Angular Material and Bootstrap.
- Implemented API integration with back-end services, focusing on RESTful APIs and asynchronous data handling.
